Subject: PSC Website Comments: Duke Poser request for icrease to cover fuel increases

Just a quick note to indicate my position on the Duke Power request for rate increases to cover fuel costs. I think the request is inappropriate. We are all facing increased fuel costs. The news indicates this is to be over soon. We will still be left with these increases. Duke needs to manage their finances the same way the general public does. Why are they different? Their share holders, people with enough money to invest, need to bite the bullet like everyone else. The public is not here to manage Duke stock prices.
